FOR DEFINING BUSINESS SUCCESS

EXPERT SOLUTIONS PROFILE

Founded in 1988, Expert Solutions offers end-to-end business solutions and a comprehensive array of IT Services from software design and development to network configuration and management. In addition, our marketing and creative team provides web design and development, graphic design, brand and identity development, printing of marketing materials and e-mail marketing campaigns.

End to End Business Solutions

Utilizing in-house expertise in combination with a network of strategic alliance partners, we provide support and Expert Solutions for a wide range of business objectives including strategic planning, creation of vision and mission statements, team-building and motivational programs, marketing and advertising campaigns, workflow optimization, business logistics, legal and financial support and general business consulting. You know your business, your industry and your business goals. Turn to Expert Solutions to help you achieve your business success.

Network Installation & Management

Whether you have a network in place or need to create one from the ground up, our team of experts will work hand-in-hand with you to meet your IT, networking and connectivity needs. We understand that as a business owner you are concerned about hardware failures, software integration, disaster recovery and operating costs. The last thing you want is an interruption in your business; our job is to keep you up and running! We offer a variety of support plans so that you can choose what's right for your business.

Custom Software Solutions

Our custom software solutions are designed to meet your business' unique needs. For over 20 years we have helped our clients to achieve their goals by working closely with them to design and implement specialized software solutions. Custom software, modifications to existing applications, as well as upgrades can facilitate the growth of your business while reducing operating costs. Our systems include CRM, ERP, Job Cost Management, Operations Management, Quote Management and Web-based systems.

Marketing and Creative Services

Your website, marketing materials, and your brand are the first impression you will make and often your first impression is your only opportunity to stand out in the crowd of competitors.

We don't simply look at these components piece by piece. Your brand is your identity; your vision and your mission statement define how you are unique from your competitors. We will help you connect the dots so that you always put your best foot forward when you make your first impression.

Working with companies small to large, we tailor our services to meet our clients budgets, timelines, and needs. Let Expert Solutions provide you with global solutions to promote the success of your business! **Contact us today for a no-obligation consultation.**
